

KONICA MINOLTA

bizhub 25

**bizhub 25:** the desktop document solution that does it all.

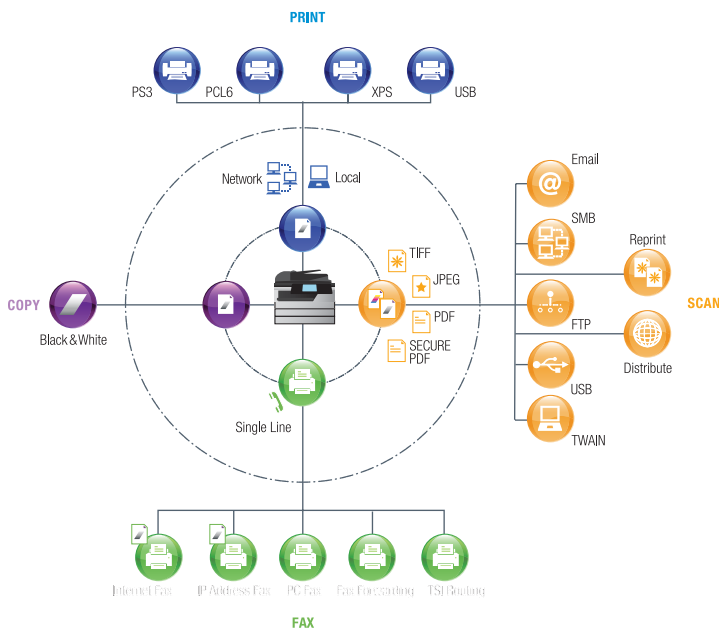

YOUR PRINT DEMANDS KEEP RISING. YOU NEED COPIES RIGHT ON THE SPOT. YOU WANT FAST DOCUMENT SCANNING TO MULTIPLE DESTINATIONS. AND FAXES SHOULD BE PART OF YOUR SEAMLESS WORKFLOW. TO DO IT ALL, YOUR BUSINESS NEEDS BIZHUB 25 — THE HIGH-QUALITY, COST-EFFICIENT MONOCHROME MFP FROM KONICA MINOLTA. FOR SMALL OFFICES, BRANCH LOCATIONS AND HARD-WORKING WORKGROUPS, THE BIZHUB 25 PROVIDES AN ALL-IN-ONE DOCUMENT SOLUTION THAT PUTS MORE POWER ON YOUR DESKTOP. UP TO 25 PPM PRINT/COPY OUTPUT IN HIGH RESOLUTION B&W, WITH COLOR SCANNING FROM AN 80-SHEET AUTO DOCUMENT FEEDER. STANDARD AUTO DUPLEX, HIGH-CAPACITY PAPER SUPPLY AND ENHANCED SECURITY TO PROTECT YOUR DATA. EVEN POWERFUL, INTELLIGENT FAX CAPABILITIES, INCLUDING 4200-PAGE FAX MEMORY.

COUNT  
ON  
KONICA MINOLTA

**bizhub 25: more power in less space.**

THE BIZHUB 25 IS A TRUE BUSINESS PROFESSIONAL THAT OUT-PERFORMS CONVENTIONAL "ALL-IN-ONE" DEVICES – AND BRINGS MFP PRODUCTIVITY TO YOUR DESKTOP. ITS HIGH-SPEED 25 PPM OUTPUT HELPS YOU KEEP AHEAD OF RISING DOCUMENT DEMANDS. AND TONER CAPACITY OF UP TO 16,000 SHEETS LOWERS YOUR COST OF OWNERSHIP – SO YOU'LL HAVE SPEED, PERFORMANCE AND RELIABILITY YOU CAN COUNT ON.

**High-quality, cost-effective B&W prints and copies.**

To accommodate multi-platform workflow, the bizhub 25 comes standard with PCL5e/PCL6 and offers print options for PostScript 3, barcode printing and PDF direct print. And full MFP functionality includes productivity features you'd expect to find only on full-size MFPs.

A small footprint fits more document power in less space. Print resolution of 600 x 600 dpi creates monochrome documents with superior detail, consistent toner coverage in solid fills, and clean, crisp text even against toned backgrounds. You can print on paper up to 8-1/2" x 11" and 8-1/2" x 14", the sizes you use most often – with auto duplex to help you save paper by quickly and easily producing 2-sided copies and prints.

Operation is simple, with the convenience of a 5.8" touch-screen and intuitive, user-friendly menus. A unique "My MFP" mode brings commonly used features together on a single screen that can be customized for individual users. Personal address books can also be customized. And you can print directly from or scan to a USB thumb drive, with convenient front-panel input.

A standard 500-sheet cassette allows you to load a whole ream of paper. A 50-sheet bypass tray supports special papers, including letterhead and heavy paper stock. Add the 500-sheet optional second cassette, and maximum paper capacity rises to 1,050 sheets for long runs with less reloading.

**Color scanning and intelligent fax to share information.**

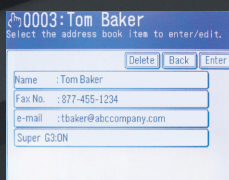

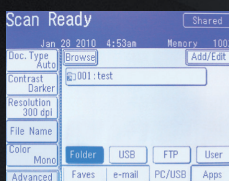

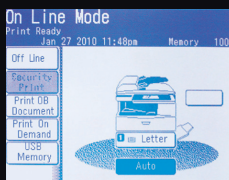

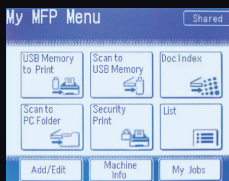

In addition to print/copy output up to 25 ppm, the bizhub 25 expands your productivity with fast color scanning to multiple destinations. You can scan to network printers, Email addresses, FTP locations, PC

Folders and USB flash drives. A special DocIndex feature allows you to scan and index files to popular document management applications. And a standard 80-sheet auto document feeder saves time when you're scanning long documents.

The bizhub 25 is also a high-speed fax, with advanced facsimile functions like 4,200-page memory, group addressing, broadcast sending and PC faxing to distribute information with greater ease.

Operation is simple, with a convenient 5.8" touch-screen and intuitive, user-friendly menus. A unique "My MFP" mode brings commonly used features together on a single screen that can be customized for individual users. Personal address books can also be customized.

**Security to protect data, recycling to protect the environment.**

In the digital network era, security precautions are essential – and the bizhub 25 gives you more ways to protect documents and devices, including password login with Active Directory support, secure fax reception and secure printing (requiring a control-panel password before printing), and auto fax routing to secure PC folders. You can also send scanned documents as secure PDFs that require a password before files can be opened.

Nobody protects your data like Konica Minolta – and no company goes farther in protecting the environment. The bizhub 25 provides low power consumption and energy-saving operating modes. Our exclusive Clean Planet Recycling program is the industry's first cost-free plan for recycling all Konica Minolta consumables. And our Eco Vision 2050 initiative has set a goal of reducing CO<sub>2</sub> emissions 80% by the middle of this century.

More than ever, customers count on Konica Minolta – and putting the bizhub 25 to work in your office will show you why.

**ECO-VISION 2050** is Konica Minolta's commitment to protect the environment – saving energy, preserving resources, promoting recycling and reducing CO<sub>2</sub> emissions to help sustain the environment for generations to come. Please visit our website to learn some more about our environmental initiatives and our exclusive **Clean Planet Program**.
